Superior Efficiency. The unique alcohol-free Hygiene of Sweden hand foam is proven more effective than regular soap and water, and significantly more efficient than alcohol-based sanitizers.

Clinically Tested. Kills 99.999% of bacteria and proven highly effective against viruses, e.g. Coronavirus and Norovirus.

Long Lasting Effect. Protection stays active, both for instant disinfection and prevention. Doesn't evaporate like alcohol does.

Adapted to the Skin. Dermatologically tested. PH regulated with Vitamin B5 and Aloe Vera for moisturizing effect. Doesn't dehydrate or destroy your skin's immune system like alcohol does.

User-Friendly. No need to pre-wash hands. Fast drying and non-sticky, neutral fragrance. Anti-static, adapted for touch screens.

Sustainability. Swedish innovative green bioscience with nature in mind. Leave a minimal footprint with your hands.
