

Sustainable Solutions in Plastics

Reduce the carbon footprint of your
thermoplastics end applications

For availability and orders:
nexeoplastics.com

OUR SUPPLIERS

OUR COMMITMENT

Nexeo Plastics is committed to being an industry leader and a responsible corporate citizen by focusing on continuous improvements in the areas of safety, social responsibility, environmental and supply chain performance.

ACHIEVING SUSTAINABILITY FOR YOUR BUSINESS NEEDS

Our team of experts work to understand both your products' **end use performance requirements and sustainability targets** to help you determine whether **you can lower your carbon footprint** by using sustainable materials or other innovative solutions to drive efficiency, results, and profitability for your business.

Technical Assistance

- Production process optimization
- Scrap rates reduction
- Improve energy consumption

Design Support

- Material selection
- Part weight reduction
- Packaging optimization

Whether you are looking to accelerate your sustainability goals or minimize the impact your operations have on the environment, Nexeo Plastics will join and support you in these efforts and help you achieve results.

TYPICAL APPLICATIONS

Some examples of Sustainable applications

Food packaging

Furniture and decoration

Kitchen utensils

Single use disposables

Appliances and smart devices

Automotive

SUSTAINABLE MATERIALS

Product	Type	Subproduct	Brand Name	Producer	
ABS	Bio-based mass balanced		Magnum* Bio ABS ¹	TRINSEO

Nexeo Plastics Europe BV has obtained ISCC PLUS Certification. ISCC certification ensures sustainability, traceability, feedstock identity and correct claims.

The ISCC Association promotes the sustainable production of biomass, circular and bio-based materials and renewables. ISCC is governed by the ISCC Association, with currently 150+ Members and 3,900+ users.

<https://www.iscc-system.org>

For more than 25 years the plastics industry has promoted Operation Clean Sweep®, an international program designed to prevent the loss of plastic granules into the environment.

Nexeo Plastics Europe BV is committed to implementing the Operation Clean Sweep® program, to help ensure its principles are embraced through our value chain, comply with all applicable related regulations and spread the word through our partners to pursue the same objectives.

NEXEO PLASTICS Europe

Nexo Plastics prides itself on providing its Customers with:

- Superior customer service (ISO certified)
- Broad product portfolio from world-class manufacturers
- Competitive pricing
- Geographic coverage
- Strong / long-term relationships
- Small / medium / large quantities
- Technical expertise in end applications
- Flexibility to meet changing demand
- Efficient management & available inventory
