Let's get technical

Dentelles Mini Bistro

Technical specifications

Material: polyresin, powdercoated metal
Battery: 8,14 Wh = 3,7V x 2,2 Ah rechargeable Lithium-ion
Brightness: max. 130 lumen
Led colour: 2.700 K (warm)
CRI: > 80
Certification: CE, IP44

Features

Charging time: 5h maximum
Autonomy* at the highest dim level: up to 8h
Autonomy* at the lowest dim level: up to 36h
Dim levels: 3

How it works

Press the on/off button shortly to activate the lamp
To dim the light intensity, press the on/off button
Press and hold the on/off button for 2 seconds to switch off the lamp

Charging

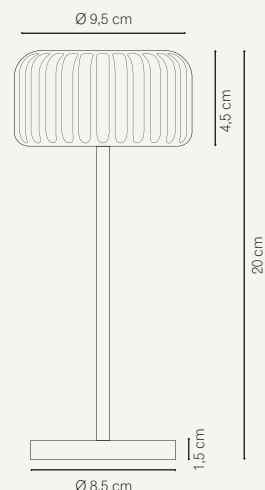

Use the included charging base and USB-C cable to charge

What's included in the box?

Manual + 1 Charging base + 1,5 m USB-C to USB-C cable

Measurements

Net weight: 405 g
Product: H 20 x Ø 9,5 cm
Packaging: H 28 x 13 x 12 cm

Charging Station | Charging Tray

Technical specifications

Material: ABS, powder coated steel

Suitable for

Dentelles Bistro, Mini Bistro and Fondant small

How it works

Single charging tray

Plug the included cable into the DC port located next to the on/off switch of the tray. Make sure the switch is turned off before connecting the power plug to a socket. Once connected, switch the tray on.

You can charge all compatible items by placing them carefully on the designated charging points. Each tray can charge up to 6 lamps.

Stack two or more charging trays

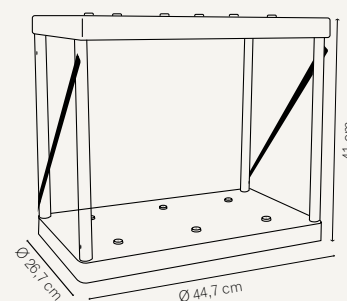

With the building set you can stack two or more charging trays. The building set is sold separately.

What's included in the box?

Manual + cable with plug

Measurements

Net weight: 2 kg
Product: H 3,3 x 44,7 x 26,7 cm
Packaging: H 6 x 54 x 27,5 cm

Notice: The product as shown here is a combination of 2 charging trays + 1 building set.

Notice: The product as shown here is a combination of 2 charging trays + 1 building set.

**Optimal temperature range: Lithium-ion batteries perform best within a temperature range of 20–40°C. Staying within this range helps maintain efficiency, safety and longevity.*

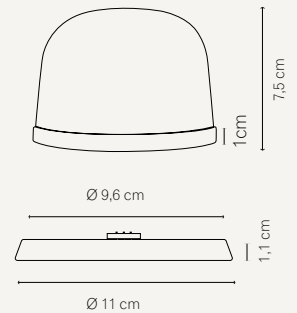

Fondant 100% recycled small mood light set/3

Technical specifications

Material: 100% recycled PE, wooden base
 Battery: 2,96Wh = 3,7V x 0,8Ah rechargeable Lithium-ion
