

FS 90

Powerful and energy-efficient

Multi-stage
mechanical filtration

Constant airflow regulation

Quiet operation

Flexible mounting options

Lifetime Performance
Guarantee

QleanAir FS 90 – A powerful, industrial air cleaner for large halls and spaces

Inlets: Two large grid-protected inlets to maximize airflow and prevent blockage.

Filtration: Multi-stage mechanical filtration captures pollutants.

Outlets: Cleaned air is returned to the environment or directed to a specific area.

Model	FS 90 Standard	FS 90 Ceiling
Color		
Dimension (w x h x d)	1164 x 1723 x 1152 mm	1204 x 1260 x 916 mm
Dimension on wheels	1164 x 1821 x 1152 mm	-
Material	Powder coated sheet metal and aluminum	Powder coated sheet metal and aluminum
Weight	140 kg	140 kg
Installation	Stationary, mobile or ceiling mounted	
Performance levels	Seamless	
Electronic display	Yes	
Alarm functions	Filter full/Fan failure/Safety shutdown	
Airflow	Up to 10,000 m³/h	
Pre-filter	ePM Coarse 40% (G2)	
Main filter	ePM1 85% (F9)	
Sound level	<27-63 dB(A)	
Power supply	200-240V, ~50-60 Hz, 6.7A	
Energy consumption	9-1500W	
Certifications and compliance	    	

Specially developed for warehouses, logistics centers, and production facilities

The QleanAir FS 90 is developed for industrial environments like warehouses, logistics centers, and production facilities. Powerful, yet energy-efficient and quiet, it ensures healthier indoor air and cleaner premises, protecting people, products, and processes. Particles are captured using multi-stage filters before the cleaned air is returned to the environment or distributed to a specific area. The unit can either be placed on the floor or mounted on the ceiling. It operates independently of the ventilation system using a standard power socket.

The QleanAir Difference

With a significant impact on health, performance, and quality there are few things as important as clean air. We deliver clean air as a service with hassle-free installation, maintenance, upgrades, and filter changes. With our unique Lifetime Performance Guarantee, we can guarantee your air quality over time.
