

The galactic DENTAL-EXPO weeks

Detached from space and time

We are there for you:

Via online live demo

At the Dental Expo

Over 600 practices

already rely

on Careclave

Careclave®

Your ticket to the dental future: Save € 1,681 now!

Say goodbye to money-, time- and space-consuming equipment combinations for instrument reprocessing. Because Careclave combines a reprocessing and lubrication unit for transmission instruments with a modern autoclave. Benefit now from the revolutionary 4-in-1 solution and secure your additional DENTAL-EXPO bonus of over € 1,681:

- ✓ **Reprocessing of up to 200 handpieces** per day
- ✓ **45 % more space** in the decontamination room
- ✓ **Optimal instrument protection** through systematic reprocessing and chuck care
- ✓ **Less service costs** for maintenance

1. Cleaning & disinfection

Careclave® and Carebox guarantee the best cleaning and disinfection outcomes for the reprocessing of 8 transmission instruments, prophylaxis handpieces or ultrasonic scaler tips in only 16 minutes.

2. Lubrication

The Carebox not only ensures perfect care of your transmission instruments, but minimizes wear. And that is not all: The unique ADDcare station even performs the lubrication of the chuck system directly at Careclave® after the end of a program.

4. Documentation & approval

Perform the documentation process directly on the large Smart-Touch Display without any extra software solution

3. Sterilization

Careclave® also provides everything you expect from a modern Class B steam sterilizer – and even more: Sterilize up to 11 kg of instruments in record time due to the patented double jacket technology and DRYtelligence.

The duo for your instrument protection

Arrange your consultation now and receive the water treatment system MELAdem® 53 worth € 1,681 for free when you purchase the Careclave®.
