

12-13 March 2024
Rotterdam Ahoy

2023 Post event report.

The future of tank storage.

The leading international event for tank
storage and energy infrastructure.

by EASYFAIRS

Event Overview.

The largest and longest running international tank storage and energy infrastructure event designed to inspire, connect, and share knowledge within the tank storage community.

StocExpo, the world's largest platform for the tank storage industry, made a triumphant return to the Rotterdam Ahoy with over 150 exhibitors, thousands of visitors, and two jam packed conferences.

3700+
Attendees

150+
Exhibitors

70+
Speakers

StocExpo was a great opportunity to network and learn about new technologies in the tank storage sector. I really enjoyed the panel discussions in the FETSA Tank Storage conference and the Gala Dinner at the Global Tank Storage Awards – it was great to see so many terminal professionals together in one place.

Frans Jan Hellenthal,
Commercial Manager, VTTI

Thousands of industry professionals, including representatives from the likes of Shell, Advorio, Exolum, Vopak, Port of Rotterdam, FETSA and more, gathered at the event to discuss the industry's hottest trends, and browse the future-shaping exhibition floor.

Visitor Overview.

StocExpo gave visitors the much-needed opportunity to network, converse and strike up business deals with key decision makers across the sector, while benefiting from the support and experience of their peers.

Top 5 reasons visitors attended:

1. Find new/specific products
2. Find new suppliers
3. Keep up to date with the industry
4. Meeting with clients/colleagues
5. Networking

98%

of attendees believe StocExpo is important to their business

88%

of visitors were at a managerial level or above

100+

countries were represented by visitors at StocExpo

90-100

average leads were generated by the top 5 exhibitor touch points

Top 20 products visitors are looking to find:

- | | |
|-------------------------------------------|-------------------------------------------|
| 1. Automation and systems integration | 11. Mixing equipment |
| 2. Consultancy and Services | 12. Overfill prevention and equipment |
| 3. Digital solutions | 13. Pipelines |
| 4. Environmental protection | 14. Protective coatings |
| 5. Fire-fighting and fire protection | 15. Pumps, valves and actuators |
| 6. Gauging and leak detection | 16. Roofs, domes and seals |
| 7. Hoses and couplers | 17. Safety equipment |
| 8. Inspections and certification services | 18. Tank cleaning, maintenance and repair |
| 9. Loading equipment and gantries | 19. Tank design and construction |
| 10. Metering and measuring | 20. Vapour recovery and degassing |

Visitor Endorsement.

StocExpo 2023 welcomed visitors from leading industry companies.

Conference and Speakers Overview.

This year's StocExpo was our best yet with two conferences taking place simultaneously, the FETSA Tank Storage Conference and the Terminal Operations & Safety Conference.

Hans Geurts
Global IT Director, VTTI

Gerco ver den Brink
Digital Transformation lead, Shell

Kathryn Clay
President, ILTA

Carla Manion
Global SHE Manager, Vopak

Egbert Vrijen
Project Director, ACE Terminal

Arun Sriskanda
Commercial Director, Oikos

Erik Kleine
General Manager Europe, LBC

Nico de Meester
External relations manager, Porthos

Nienke de Wilde
Director, DCMR

Peter Savage
HSEC Manager, Aquarius Energy

Stefaan Adriaens
Commercial Manager, Gate Terminal

Ellen Ruhotas
Managing Director for New Energies, Zenith Energy

Exhibitor and Supporter Endorsement.

We are proud to have welcomed the following
Exhibitors and Supporters to StocExpo 2023.

Supporters.

Belgian Association of Tank Terminal Operators (BATO)

With 17 terminals and more than 2000 storage tanks, BATO represents 10 million cubic meters of storage capacity in Belgium, mostly situated in Antwerp and Ghent. Their principal mission is to inform members on developments in the legislation affecting their business. BATO is part of Essenscia, the association of chemical and life sciences companies in Belgium.

European Association for Storage of Energy (EASE)

EASE supports the deployment of energy storage to support the cost-effective transition to a resilient, climate-neutral, and secure energy system. EASE was established in 2011 and represents over 50 members including utilities, technology suppliers, research institutes, distribution system operators, and transmission system operators.

Federation of European Tank Storage Associations (FETSA)

FETSA represents the bulk liquid storage sector in Europe. Bulk liquid and liquefied gas terminals are present in ports, airports, logistic platforms and along rivers, canals and pipelines. In total, FETSA represents over 140 companies operating 692 terminals across Europe. Their storage terminals provide an essential interface between sea, road, rail, inland waterway and pipeline logistics.

Hydrogen Central

Hydrogen Central brings to you news and market intelligence insights on the hydrogen industry to support your strategic moves and help you stay ahead of the curve. Hydrogen Central are heavily involved in the hydrogen market, researching the hydrogen market and looking for new business opportunities.

International Liquid Terminals Association (ILTA)

ILTA represents a diverse group of companies that are a critical link in the transportation systems for liquid commodities. It includes over 80 terminal members across all 50 states and internationally, as well as over 400 supplier members. ILTA focuses on promoting the crucial role the terminal industry plays in the economy by highlighting its safety successes, environmental responsibility and economic impact to legislators, regulators and the public.

iTanks

iTanks connects companies, knowledge institutes and industry experts with each other and introduces these parties to new technology and the latest innovations from within and also outside the sector. iTanks' strength lies in the renewal of the port-related industry. There is a huge amount of knowledge and expertise available for the industry which is not yet applied and used.

Optichem

Optichem is the legal connections and interdependence between producers, consumers, traders, terminals, shipowners, surveyors, ship's agents and Insurance companies. Its academy will upgrade your skills and decision making process, you will understand the full process of the bulk liquid chain. During comprehensive in-house training the full and complete bulk liquid chain from production to consumption will be explained.

Tank Storage Association (TSA)

The TSA represents the interests of over 60 member companies engaged in the storage of bulk liquids and the provision of products and services to the sector. TSA's members provide and support an essential interface between sea, road, rail and pipeline logistics for many different substances including transport and heating fuels, chemicals, animal feed and foodstuffs.

Partners.

Official media partner.

TANK
STORAGE MAGAZINE

Tank Storage Magazine (TSM)

TSM is the world's leading publication dedicated to the tank storage and energy infrastructure industry, storage industry and the official magazine for StocExpo and all key tank storage events globally. It is read by terminal managers, senior engineers, logistics/distribution managers and CEOs within oil, gas and petrochemical facilities as well as third party terminal operators and oil trading companies.

Media partners.

Testimonials.

Don't just take our word for it...

What a stellar show! We are thrilled to have been a part of StocExpo, an extraordinary event that brought together some of the brightest minds in the industry. Our team of technology experts were engaged throughout the event, sharing innovative and robust product information and exchanging groundbreaking ideas on fuel-efficiency.

CIRCOR

We definitely had three excellent days at the StocExpo at the Rotterdam Ahoy venue. Busy and fruitful; just the way we like it!

Kenbri Fire Fighting B.V.

Fantastic conference! So much to see here, StocExpo is well worth the visit!

Mark Whitton, CCO, Air Control Entech

Amazing, innovative technologies on display here at StocExpo!

Kathryn Clay, President, ILTA

We come to StocExpo because most of our supply chain is here and we want to see what's developing, particularly in automation. I've seen some new things!"

Koen Govaerts, Instrumentation Technician, ExxonMobil

Everyone's focused on efficiency and driving costs down, and StocExpo is an opportunity to communicate, create networks, and keep up with new technologies and innovation.

Marvin Zintel, Category Manager, BP

StocExpo is a great place to see what other organisations are doing and share what we're up to, especially in new energies. The conference has been a particular highlight.

Job Van Der Kroft, Director of New Energies, Advorio
