Safety & Innovation in Storing Hydrogen

Bora Aydin, Walter Tosto

18:00 - 20:00

Late Night Networking

19:00 - Late

Global Tank Storage Awards

Safety in the Energy Transition

Is your terminal moving to future fuels?
Storing hydrogen, ammonia or methanol?
Learn how to keep your site safe.

Best Practice On Site

Protect your terminal against natural
hazards, poor tank maintenance and
human error disasters.

Day Two

10:20 - 10:25

Opening Remarks

10:25 - 10:45

Protecting Critical Infrastructure from Cyberthreats

10:45 - 11:05

Embracing the Digital Transformation to Improve the Quality & Safety of Maintenance?

Ahmed Hadid, CEO, HyBird

11:05 - 11:30

Networking Break: Tank Storage
