

EASY VISIT,  
SAFE VISIT

# OUR COMMITMENT TO YOUR SAFETY

Your safety has always been one of our top priorities, and now more than ever. We are committed to make our events and venues the cleanest and safest place to meet and do business. Your health and wellbeing is key in our safety commitment to you.

## CLEANING & HYGIENE

### DISINFECTION PROTOCOL

The most frequently touched surfaces will be disinfected at regular intervals. The used spraying technology ensures the highest standards of hygiene. We request you to regularly disinfect the furniture in your stand and products that are touched by visitors.

### HAND HYGIENE

Upon arrival, every stand receives a bottle of **hand sanitiser**. **How do we count on you?** Please make it freely available to your stand personnel and your visitors. Hand sanitiser stations will also be available on the exhibition floor and in common areas.

### SMART BADGE CONTACT-LESS TECHNOLOGY

The safest way to visit an event is by using our **Smart Badge**, which requires no physical contact. **You will receive your Smart Badge reader upon arrival.** If interested, the visitor can scan his badge and collect information about your company and products. The badge reader is linked to the information you have uploaded in My Easyfairs. **So make sure it is up to date!**

### CASHLESS PAYMENT

To protect your health and safety, we only accept cashless payments at Easyfairs venues.

### FOOD & DRINKS

You can still get food and drinks at our events and venues. We kindly ask you to use the hand sanitisers available at catering points before eating and drinking.

### KEEP YOUR STAND CLEAN

Please maintain a **'clean stand policy'** at all times. Don't put too many items on the stand counter or table, to allow for **efficient cleaning and disinfection**. Go digital by uploading your product information on My Easyfairs instead of giving out printed brochures. So that visitors receive the information digitally by using their Smart Badge.

## PERSONAL PROTECTION & DETECTION

### PLEXIGLASS SHIELDS

Plexiglass shields will be installed at information points, catering points and all counters staffed by team members throughout the event floor. If you want to have a plexiglass shield on your stand, you can order it on the COVID-19 section of the webshop.

## PHYSICAL DISTANCING

### CROWD DENSITY STANDARDS

To ensure appropriate physical distancing during our events we will control the number of people present in the event halls at all times, in accordance with local guidance.

### SOCIAL DISTANCING

We kindly request that you maintain a distance of at least 1.5 metres from other people.

### AVOID PHYSICAL CONTACT

We are implementing a strict no contact policy. So please avoid handshakes with everyone, including exhibitors.

### REGISTRATION STAND PERSONNEL

Make sure that stand personnel are registered via My Easyfairs prior to entering the event. **Stand personnel cannot enter the exhibition without registration.** You can either print out your registration confirmation, which has a barcode, or bring it on your mobile device. Your barcode will be scanned at one of the (touchless) scanning stations. It is no longer possible to register stand personnel onsite.

### REGISTRATION TIMESLOT

For certain events, the visitor will have to choose a **specific timeslot for the visit** during registration or when purchasing a ticket. Only in this way the social distancing rules can be respected.

### MAXIMUM CAPACITY IN CONFERENCE ROOMS

Conference areas will also allow for social distancing, with 1.5 metres between chairs. This means that the **capacity is limited**, so we kindly ask you to **give priority to visitors**.

### DIRECTIONAL WALKWAYS

If aisles are wide enough to walk in both directions, we ask **you to respect the directional arrows that indicate the walking direction**.

### STAY HOME IF YOU FEEL ILL

As much as we want to see you at our events, we kindly ask you to respect everyone's health and safety. If you feel at all ill – including mild cold symptoms or a high temperature – please stay at home.

**THANK YOU !**  
FOR FOLLOWING THESE RULES.  
STAY HEALTHY AND WE HOPE TO SEE YOU SOON.
