

What APICS certification is right for me?

Certified in Planning and
Inventory Management

Certified Supply Chain
Professional

Certified in Logistics,
Transportation and Distribution

The premier certification for internal supply chain operations.	Recognized globally as the premier certification for end-to-end supply chain.	The must-have certification for logistics and transportation professionals.
CPIM focuses on the mastery of an organization's internal operations and provides an in-depth understanding of the Fundamentals of Demand Management, Plan Supply, Executing the Supply Plan, Inventory Management, Continuous Improvement and Quality Management and Technologies, Strategy and S&OP and provides the knowledge to apply this information across the extended supply chain.	CSCP focuses on the mastery of the extended supply chain, from organizations' suppliers through to the end customers. The CSCP designation validates professional understanding of supply chain management and the integration of operations across the extended supply chain.	CLTD focuses on the mastery of the essential knowledge needed for the logistics, transportation, and distribution industry. The CLTD designation expands candidates outlook on the logistics field and enables them to bring new ideas to their organization.
