

FS 70

Oil Mist

Safe and healthy indoor air

Oil mist separator

Multi-stage mechanical filtration

Constant airflow regulation

Easy installation and use

Lifetime Performance Guarantee

QleanAir FS 70 Oil Mist

– For industrial environments with oil mist

The FS 70 Oil Mist has a large air intake at the front to maximize the intake volume and reduce the risk of filter clogging.

A pre-filter for oil mist separation at the front and a multi-stage mechanical filter at the rear effectively remove airborne oil droplets and particles from the air.

The filtered oil is collected and drained from the filter for easy cleaning and disposal.

The cleaned air is returned to the room via the outlet for optimum circulation or diverted to a specific area via optional pipes and diffusers.

Model	FS 70 Oil Mist
Color	
Dimensions (W x H x D)	692 x 1527 x 615 mm
Dimensions on wheels	692 x 1652 x 615 mm
Material	Powder-coated sheet metal
Weight	136 kg
Installation	Stationary, mobile or wall-mounted
Power levels	Seamless
Electronic display	Yes
Alarm functions	Filter full/fan failure/safety shutdown
Air flow	Up to 4000 m ³ /h
Pre-filter	ePM1 60% (F7), knitted wire mesh filter
Main filter	ePM1 60% (F7)
Sound level	<30–63 dB(A)
Power supply	200–240 V, ~50–60 Hz, 3.3 A
Energy consumption	9–730 W
Certifications and compliance	   

*Operating airflow depends on filter configuration and operational environment

Captures oil and lubricants

The QleanAir FS 70 Oil Mist was developed to improve indoor air quality in production facilities with high levels of oils and lubricants in the air. It cleans the air using a combination of a knitted wire mesh filter to separate oil and lubricant mist and mechanical filters classified according to ISO 16890 to capture particles. The device produces large volumes of air (up to 4000 m³/h) to protect people, products and processes. The FS 70 Oil Mist can be adapted to the specific requirements of your company using accessories such as air distribution pipes, bends and diffusers.

The QleanAir Difference

Few things have such a significant impact on health, performance and quality as clean air. We deliver clean air as a service with hassle-free installation, maintenance, upgrades and filter changes. With our Lifetime Performance Guarantee, we can guarantee your air quality over time.
