TURNOVER

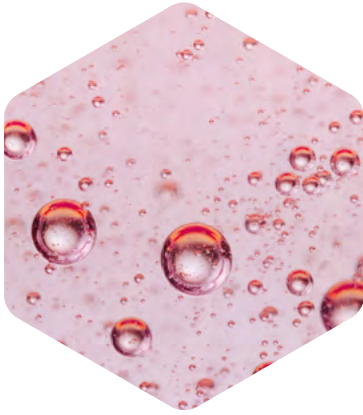

PROTOCOL

Apply to the
lips as often as
needed.

Suitable as a
lip makeup
base.

PERFECT LIPS

Perfect Lips by CellDerma **supports collagen and glycosaminoglycans** within the lips that are **vital** in **diminishing** the appearance and formation of **lines and wrinkles** around the lips.

The **moisture protecting ingredients** also help **protect** and **reduce dryness** within the lips to **minimise irritation** while keeping the lips looking **soft, healthy and plump**.

TARGETS

Dry, chapped lips
Reduced lip volume
Ageing lips

RESULTS

Supports collagen within the lips
Deeply moisturising for all-day hydration
Promotes, plump soft-looking lips
Diminishes the appearance of fine lip lines

THE SCIENCE BEHIND THE FORMULA

Unlike many **lip plumpers** that cause visible swelling **by irritating the skin**, this unique formula **boosts** the appearance of **volume from within**. Palmitoyl Tripeptide-1 supports collagen and glycosaminoglycans, the components essential for firm, healthy skin.

This **peptide stimulates collagen synthesis**, which in turn improves the appearance of lip contours, definition and firmness. **Tribehenin is a highly effective hydrator** (emollient), which **increases lip moisture volume**, thereby giving you **softer and healthier looking** lips.

PERFECT LIPS AND YOUR PATIENTS

Perfect Lips is a **very popular** adjunct to those seeking lip fillers, as well as for patients who are not appropriate for lip fillers. This is **not a simple lip balm**; it contains an **anti-ageing peptide** and a **potent hydrator** to restore lip health.

INGREDIENTS

We believe in total transparency.

To help you trust and understand our formula, we have **highlighted the key active ingredients**.

We never compromise on quality.

Petrolatum, Ethylhexyl Palmitate, **Tribehenin**, Sorbitan Isostearate, **Palmitoyl Tripeptide-1**, **Lactic Acid**, Parfum, D-Limonene, Citral, Citronellol, Linalool.
