## MEET THE FOUNDER

### MIREILLE REULING

As a conceptual designer, I believe in 'The Art of conversation', I believe in great ideas and creating unique valuable things that had never existed before. My intention is to translate these ideas into phenomenal, funny (edible) conversation pieces to share easily and make memories together. That's what life is all about."

#### **Wine as Art!**

##### **About The Real Wine Gum**

In socializing with people for years, I saw how a bottle (of wine) could help us to meet face-to-face and have Real conversations. Magic happens when we slow down to enjoy a drink and to truly connect with those around us. The Real Wine Gum was designed to capture that in an edible form. We partnered with a Michelin star chef and a food research institute to make this a reality. The result is a vegan, non-alcoholic luxury treat. Thus leaving no excuses for anyone to try one.

##### **About The Real Wine Soaps**

It's okay to open the bottle, even if you're alone. You are worth it! With that in mind, we introduced a beautiful new **'Scents of Wine' Collection**. All-natural, artisanal real Wine Soaps inspired by the notes in the bottle. The Vinoos Wine experience is now cast in a Me-time concept. This beautiful handmade Wine Soap Collection turns your day-to-day wake-up routine into wine happy hour!

##### **About Wine Jewellery – Message from a bottle**

Inspired by the simple beauty of discarded wine bottles, founder Mireille Reuling saw an opportunity for a more meaningful purpose. In this upcycling process, we team up with two Dutch glass studios to create beautiful beads for our unique jewellery collections 'The Colours of Wine' & 'Ode to Green'. Accompanied by a sweet, small note, our jewellery is designed to share warmth and positivity, making it the perfect gift for any occasion.

Now you can enjoy the sensations of wine without drinking it.

### People first

When you gift good, you do good. Vinoos is more about We than Me. We built on the beauty of people, leading us to support and work with social workplaces, minority groups and other female entrepreneurs. We believe in building links between people and giving them a chance. But that can only happen when we empower, support and respect their voices. Together we aim to make a story and a difference.

Vinoos hopes to inspire people and become a meaningful first step in sharing more moments together.

## Why choose us? A few good reasons...

We make gifts that people remember.

Feels like having the craziest bubble bath of all time!

With its blush hue and easy-drinking palate, rosé is a warm-weather staple with undeniable appeal. That's why this soap is perfect for those Rosé lovers who get a little down in the colder seasons. It's a perfect little slice of sunshine that you can give yourself or a friend whenever you'd like! This is an endlessly crushable pale pink wine soap that smells like honeyed pollen falling on a rose garden. The scent of lychee is sweet and slightly perfumed. This blend smells absolutely divine.

## MERLOT

[earthy | herbal]

Make you feel like you're sleeping outside in the summertime.

Fresh mint, fig leave, tannins, and subtle early tobacco notes add in this very delightful Merlot soap bar. It is a refreshing, energizing, and masculine blend, that is loved by all. It smells amazing and will envelope you in a steamy scent of (starry) heaven, just like you were sleeping on a blanket in the backyard, under the stars. Enjoying all of the scents and sounds that the night will reveal.

## SPARKLING WINE

[blossom honey | mousse | peach]

These sparkly soaps remind you of your first road trip through France.

When showering with these gorgeous Champagne-like soaps, you imagine you really are in a precious château on the French Riviera. You feel like you've woken up brand new. Sparkling soaps are long-lasting and sparkly, full of organic mountain honey and honest promises. Goodness follows.
