More margin with a grab-and-go that really moves

Five retail reasons in 30 seconds.

1. High margins

- Clear tier pricing = healthy gross margin at every level.
- Matches an MSRP of €11.99 incl. VAT (guideline).

2. Impulse purchase

- Pick-up at the deposit return machine; a natural grab-and-go moment.
- Used weekly by customers → opportunity for repeat purchases.

3. Draws customers with a unique product

- Recognizable, practical, and little to no shelf competition.
- Strengthens your image: sustainable & convenient without hassle.

4. Minimal space, minimal work

- Compact to hang or stack for quick replenishment.
- One item that solves multiple problems (hygiene & convenience).

5. Visible contribution to sustainability

- Fewer single-use bags around the deposit return machine.
- Encourages return behavior: customers bring back bottles/cans cleaner and more organized.
- Reuse = less waste & handling (fewer bin liners, fewer cleaning moments).
- Less drinking-water use: thanks to upright stacking of containers, rinsing is often no longer needed.
