

Added value for your logistics.

Euro Pallet Collar CC1

Easy, foldable handling for modern logistics

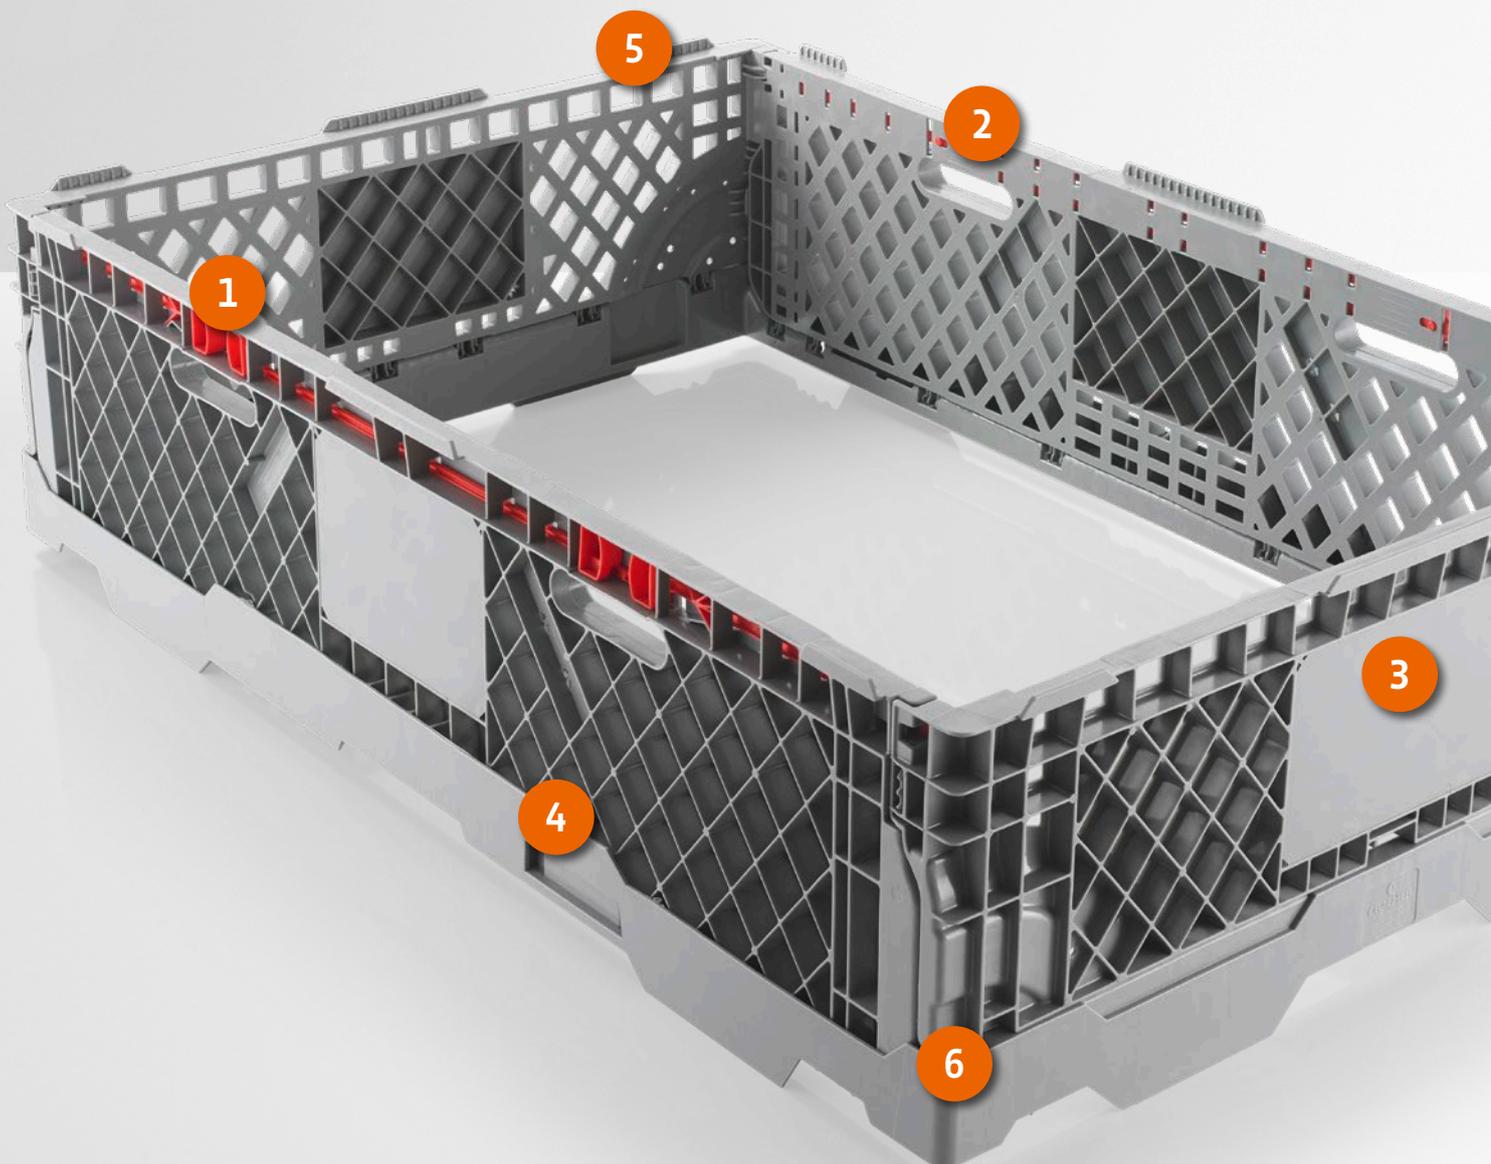

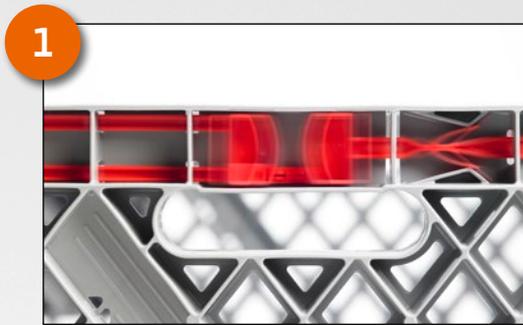

www.craemer.com

Euro-Pallet-Collar CC1

All advantages at a glance:

- 100% HDPE, no other materials (e.g. metal)
- Volume flexibility as use is adjustable to transport volume
- Increased vehicle fill (double or triple stacking)

1

Locking

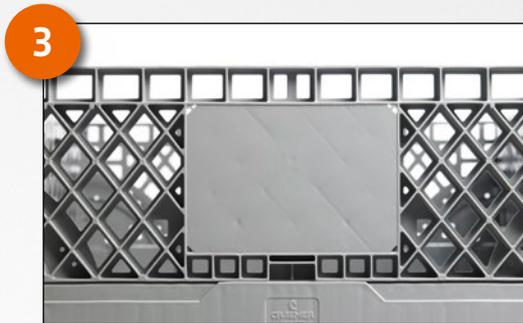

Movable locking elements release the locking mechanism safely and easily.

2

Handles

Integrated handles facilitate handling of the collars.

3

Labelling field

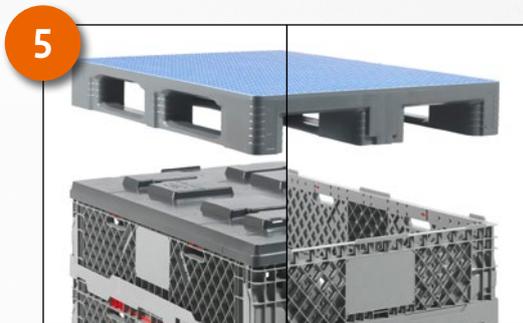

Labelling field for application and removal of labels.

4

Transponder bracket

Integrated transponder bracket for RFID transponder.

5

Interlocking

Collar interlocks with pallet lid or directly with pallet in place thanks to 10 mm outside rim.

6

75% volume reduction

When folded, the collar can be transported in a non-slip and space-saving manner.

8

7

7

Loading unit

Ideal height for loading when using 6 collars and 2 pallets.

8

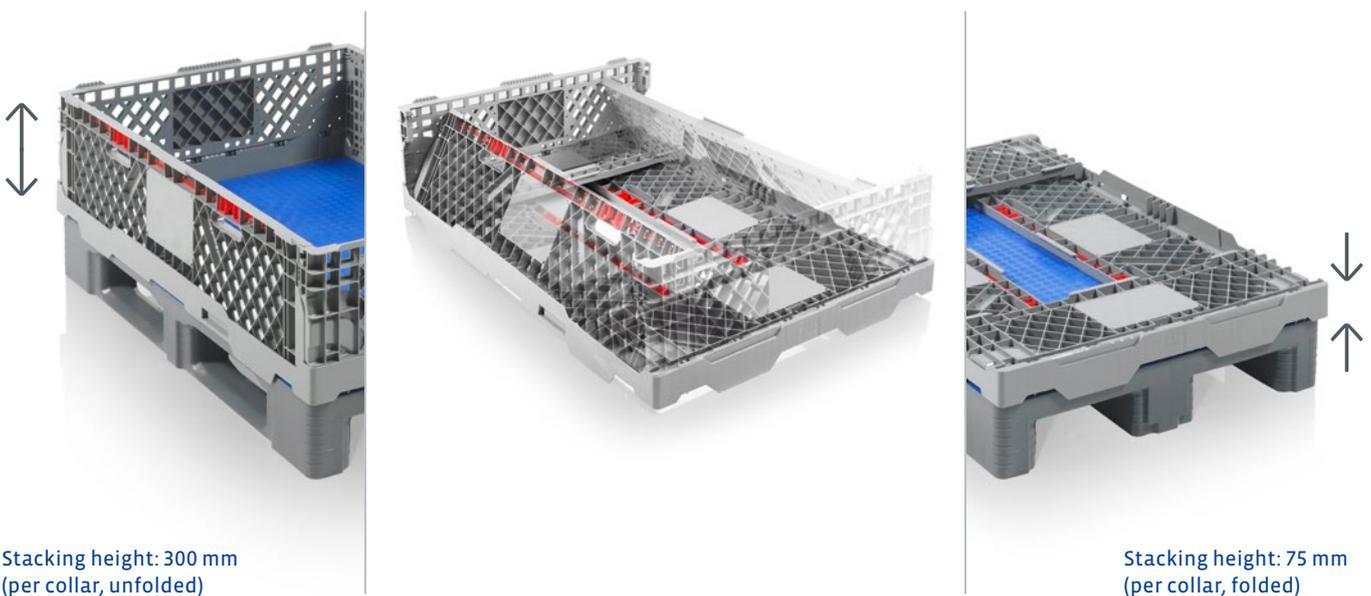

Empty transport

Safe empty transport due to optimal locking. Delivery unit 30-fold stacking on euro pallet.

Added value for your logistics.

| Technical Data *1 | Pallet Collar CC1 |
|---|-------------------|
| Exterior dimensions L x W x H (mm) | 1220 x 815 x 300 |
| Internal dimensions L x W x H (mm) | 1160 x 750 x 300 |
| Weight (kg) | 7.8 |
| Volume (l) | 260 |
| Material *2 | HDPE |
| Stacking load in kg static (stack of 3 collars) | 500 |

Sophisticated folding mechanism for easy handling:

Stacking height: 300 mm
(per collar, unfolded)

Stacking height: 75 mm
(per collar, folded)

*1 All technical data include characteristic features, which have been tested under specially defined conditions. Varying data may result from different conditions of usage such as loading method, prevailing temperature and length of storage time. All data and specified information are subject to change without prior notice. Our service team is pleased to be at your disposal to check the special requirements of your individual application.

All dimensions given in the detailed images result from the height of the collar including rims as well as a base pallet with 150 mm building height. When used with other pallets, the overall values may vary.

*2 Our service team is pleased to be at your disposal if you require exact information about material compositions.
