

# CANVAS

**What you see from afar seems so different close by... From a distance, you experience the tension between the colours and shapes, but close up they merge, revealing the underlying texture in all its glory.**

**‘GORGEOUS TEXTURES’**

**The promise  
of infinite  
possibilities.**

Canvas is a timeless collection boasting rich colours, tone-on-tone hues and gorgeous textures. Add warmth and dimension to your wall with a stonewashed linen. Or opt for the subtle sparkle on a raw silk background reminiscent of a Monet pond.

Admire a distressed minimalist motif with the allure of fabric wallcovering that calls out to be touched. Go for the natural look of a grasscloth-inspired design that can be hung seamlessly. Or choose a basket weave pattern with a textured surface and subtle vertical stripe effect for that tactile look and feel.

Choose your colour from a generous palette of earthy and natural hues. From warm sand and sisal to poppy red and fuchsia pink, from azure and midnight blue to forest green. Canvas is an exceptional, high quality collection, printed on a washable vinyl in wide width. A perfect basis for a lasting eye-catching effect.
