Repex 4D Sander

4D concrete driving disc

The 4D concrete driving disc is equipped with four gear driven diamond segments for powerful and effective sanding during preparation.

Diamond segments

The diamond segments make sanding of screeds such as anhydrite cement based subfloors and removal of glue residues possible.

4D driving disc

The 4D driving disc is equipped with four Velcro discs for powerful sanding; from rough sanding to finish. The discs are compatible with 150 mm velcro discs. Speed 351 rpm.

Driving disc

The driving disc is usable with pads and sanding discs for performing various types of work (cleaning, polishing, sanding, etc.)
