

FEDNAV

NAVIGATING
COMPLEXITY

RELIABLE, EXPERIENCED,
SOLID DRY BULK SHIPPING SERVICE

**FEDNAV
INTERNATIONAL
LTD.**

5 REASONS WHY YOU SHOULD SHIP WITH US

#1 Our modern fleet delivers your cargo reliably, safely, and on time.

We own most of our ships, which are constructed to the highest of standards.

In the last 5 years, the addition of vessels brings the average age of our fleet to 9 years.

#2 Vessel management and operational excellence means you can sleep at night.

Over the past years, the Fednav fleet has consistently decreased deficiencies per inspection. By striving for continuous improvement, unity of purpose, and having the right people in place, we have lowered our operating expenses considerably while steadily increasing our fleet size to serve you better.

Thanks to the technical expertise provided by the ship-management firms we partner with, our customers' cargo is transported with the highest level of safety and care by the crews on board our vessels.

#3 Our expertise in specialized markets offers you operational efficiency and competitive prices.

Our ships are designed to meet the needs of our customers while our operational employees have in-depth knowledge of our customers' preferences. Together, ships and staff offer you reliability and extraordinary operational efficiency.

#4 We partner with you for the long term.

From the ship operator at company headquarters to our cargo superintendent at the dock, we want to work with you for decades to come.

Customers stay with us because we are solid and reliable and provide service they trust. They know we'll work with them to find mutually beneficial solutions. And our financial stability assures them we'll be there for the long haul.

#5 We care about the environment.

As a founding member of Green Marine, the certification program for the North American marine industry, we take to heart our environmental impact.

All our newly owned vessels receive the CLEAN notation from DNV GL, the world's largest ship and offshore classification society, and meet MARPOL's new Energy Efficiency Design Index. Read our [2023 ESG report](#).

RECOGNIZED INDUSTRY-WIDE FOR OUR OPERATIONAL EXCELLENCE

WHAT CAN FEDNAV DO FOR YOU?

With over 75 years' experience, here is why our customers in industry, mining, and agriculture choose Fednav for transporting their bulk cargo.

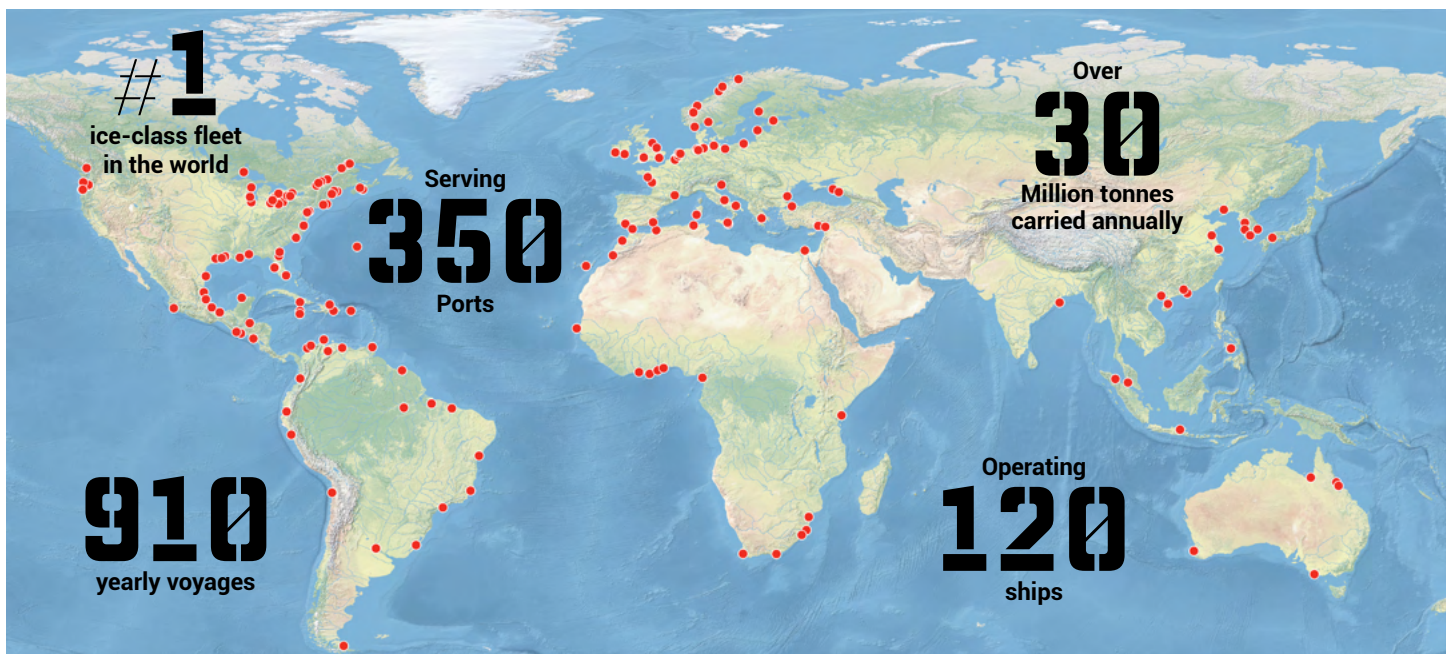

DRY-BULK OCEAN-FREIGHT SERVICE

Flexible scheduling and versatile tonnage capacities to meet your many needs

If you ship dry bulk—be it grain products, fertilizers, sugar, ores, alloys, metal concentrates, or coal and other carbon products—you'll be reassured to learn that we safely move over 30 million tonnes of cargo annually.

OUR PORTS OF CALL

WORLDWIDE TRANSPORTATION

Our modern fleet of Handysize, Handymax, and Supramax bulk carriers trades worldwide

Fednav boasts the world's largest fleet of ice-class bulk ships. Two of the company's vessels are the most powerful ice-breaking bulk carriers in the world and travel year round in the Arctic. Our fleet of 120 vessels includes numerous Handies suited to trade in the St. Lawrence-Great Lakes system, where we are the leading international user.

FEDNAV IS ALSO ABOUT GENERAL CARGO

The #1 choice in transatlantic breakbulk service to North America's heartland

Fednav Atlantic Lakes Line (FALLine), our regular liner service, offers 50 to 60 sailings each year transporting steels and other general cargo from northern Europe to ports on the St. Lawrence and in the Great Lakes to meet our customers' needs.

DELIVERING ON OUR PROMISES FOR OVER 75 YEARS
