

FORTIS

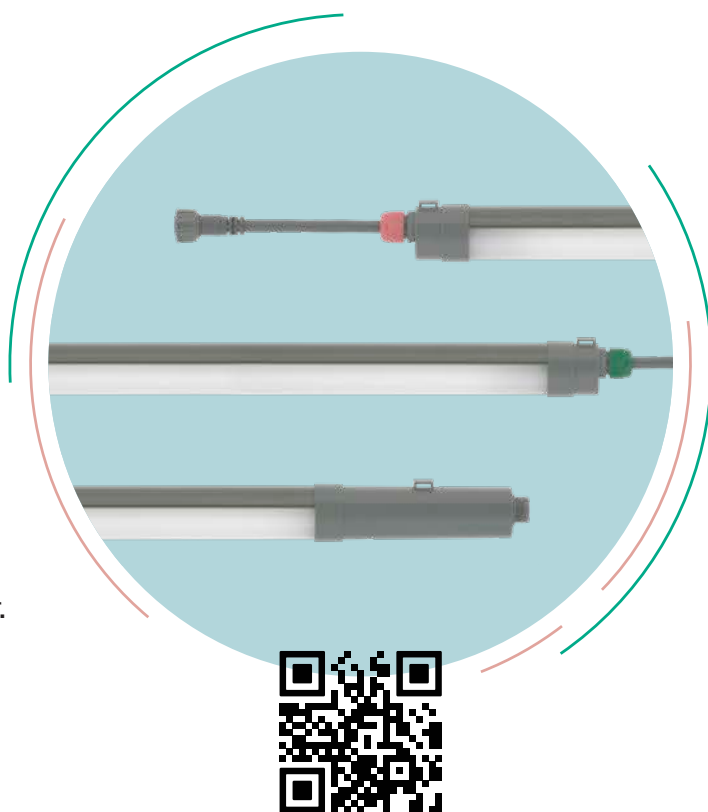

Your true all-rounder

The FORTIS is an affordable LED tube lighting solution designed for veal calf farming, pig farming, and working areas on the farm...
A true all-rounder.

Cost-efficient, easy to install and problem-free for more than 10 years. The FORTIS simplifies the farmer's work by enabling cleaning with the lights on and reducing lamp replacements, but also enhances animal welfare with adapted light spectrum for specific animal types.

100-2% Dimming and reduced flickering, making calves and pigs feel and perform better.

A one-stop lighting solution.

- 
- ✓ Cost efficient
