

Manufacturing...

System/device construction

Assembly of individual components through to complete devices. For housing processing and cable assemblies, we work together with a network of competent partners

In-house PCB assembly

From prototypes to series production.
SMD and THT, 1-sided and 2-sided PCBs

Our expertise

Production according to IPC-A-610 DE
ESD-compliant production environment
Certified according to DIN ISO 9001
RoHS compliant use of materials

Quality assurance

Creation of test equipment
Optical inspection (AOI)
Electrical and functional final inspection
Documentation of all processes

Logistics

Worldwide material procurement, local warehousing
also available as consignment stock.
Customer supplies possible

Service

Own department for fault diagnosis and repair of
defective assemblies and devices
