# 80%

of the exhibitors expect that the contacts  
they made during the show will generate  
business for them. \*

Profit from effective  
show preparation with  
**little to no  
effort for maximal  
lead generation.**

The trade visitors use  
**LOGISTICS & AUTOMATION**  
especially for sourcing new  
innovations and concrete solutions  
to everyday problems, as well as for  
finding new business contacts.

Many of the sector's  
key players take advantage  
of the regional events to  
get together.

**Make sure you're also  
present at the next  
LOGISTICS & AUTOMATION  
in your area!**

The exhibitors at  
**LOGISTICS & AUTOMATION**  
generate many productive  
new leads and strengthen  
their existing business  
contacts.

**An ideal mix for successful  
trade-show results.**

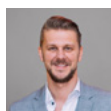

We would be pleased to advise you on your trade show  
participation and the stand concepts from our sales team.

**We look forward to meeting you!**
