

Distributors with actuators

WAY DISTRIBUTORS

WUTRA way distributors are major component for conveying tasks. They can be used for granules and coarse grain products. Based on the specification 2- or more way distributors were offered. All of them are dust tight outwards. Depending on the conveying product the manufacturing is in carbon steel, stainless steel or special materials.

- ▲ Optimized casing shape to minimize jamming and sticking of products
- ▲ Dust tight
- ▲ Modular drive concept
- ▲ Wear and corrosion resistant due to linings
- ▲ Special solution for less space situations

Distributor pneumatically driven

2- to 3- way distributor

Asymmetrically distributor

Design:

All components of the **WUTRA** delivery range were calculated and modified by our by out experienced staff. Using special design tools, developed in-house, assures a safe and proper operation for each single **WUTRA** unit.

Certifications:

- ▲ Quality management system ISO 9001:2015
- ▲ Certification according Atex - Directive 2014/34/EU 
- ▲ EAC certificate for customs union
- ▲ Welding certificate EN 1090
- ▲ Pressure equipment directive 2014/68/EU

Service:

WUTRA components can be installed and putted into operation worldwide. Please call our experienced technicians for regular inspections and service.

Research and development:

A permanent development guarantees always a high state of the art level of **WUTRA** products.

The latest scientific knowledge, based on a close cooperation with approved research institutes, will be integrated in engineering and design of our conveying equipment.

WUTRA components:

Screw conveyors
Process screws
Mixer
Bucket elevators
Trough chain conveyors
Slide valves
Way distributors
Rotary valves
Contract manufacturing
Assembly/ Service

Plant construction for:

Soda, Potash industries
Building materials
Raw materials/ Minerals
Chemistry
Recycling
Food
Synthetics
Sugar industry
Power industry
