FiberSMART® CS90 (Soluble Corn Fiber Syrup)

DESCRIPTION

Since its introduction in 2015, **FiberSMART®** has revolutionized the fiber space. Put head-to-head against any other fiber in the marketplace, **FiberSMART® CS90** (Soluble Corn Fiber Syrup) consistently comes out on top in almost any application. Non-GMO project verified **FiberSMART® CS90** is best known for its consistent low water activity that delivers a consistent finished product and high manufacturing yields.

Supported by published clinical trials confirming high tolerance and low glycemic impact, **FiberSMART® CS90** has been hugely successful in a wide variety of applications including gummies, bars, cereals, baked goods, beverages (dairy & non-dairy), frozen desserts, confections, sauces, chocolate, and processed fruits. Globally accepted and consumer preferred, **FiberSMART® CS90** should be the “go to” fiber on any formulator’s shelf.
