KSCHULZ

Increased productivity

Fewer sick days

Attractive employer

Reduced risk of injury

Fast return on investment

Your tool against back problems in logistics

Back problems? They cost you thousands of euros every year and a lot of stress.

- Sick leave
- Delays
- Overtime

...the list is long and costs you MONEY and STRESS every day

What is the BionicBack exoskeleton?

- Lifting aid for greater endurance in everyday work
- Makes work HEALTHIER and EASIER
- THE safety shoe for your back
- Move heavy loads safely and effortlessly

Less pain. Fewer days off work. More energy for what really matters.

Wear it. Feel the relief. Done.

Don't you want that anymore?

Only 60% performance,
100% costs

Employee
downtime

Work comes
to a standstill

Orders
delayed

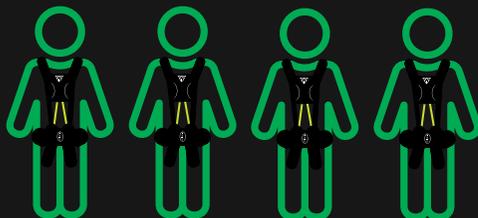

Angry
customers

Reduced
revenues

Then join the winning team

Team relieved.
Performance back on track

Revenue
as planned

Decide now – before it's too late
