Why is my grid plan important?

Your grid plan is essential to provide our stand builder with relevant information on your placements.

What happens if I have not completed a Grid plan?

Unfortunately if you have not completed a grid plan this means that our suppliers will place your electrics or stand fittings where they see fit. If you would like to move your stand fitting or electrics on the day you may be faced with a charge and significant delays.

How do I complete my grid plan?

Use different symbols to highlight where you would like the following (You must label the symbol)

 **Spotlights**

 **Sockets**

(Please label the KW of the socket you have ordered)

 **Storage areas**

 **Mains**

 **Shelves**
