

BLUMET

"INNOVATING STAINLESS WORLDWIDE"

PRODUCT CATALOGUE

Seamless Stainless Steel Pipes & Tubes

- Austenitic, Ferritic, Duplex, Martensitic.

Seamless Nickel Alloy Pipes & Tubes

- Incoloy, Inconel, Monel, Hastelloy,
Nickel, Titanium.

Company Profile

Leading Manufacturer of Cold Drawn Seamless Tubes

Blumet Tubes Private Limited, based in Kadi, Gujarat, India, is a leading producer and stockholder of cold drawn seamless stainless steel, duplex, titanium, and nickel alloy tubes. Our 200,000 sq. ft. facility is equipped with advanced cold pilger mills and cold draw benches to ensure precision and quality in every product.

We produce a wide range of heat exchanger, instrumentation, hydraulic, and mechanical tubes, with strict adherence to client specifications. Our fully equipped lab and inspection facilities ensure consistent product quality, giving clients complete confidence in our offerings.

With a vast inventory and years of industry experience, we pride ourselves on providing short lead times and tailored solutions for highly specialized needs. By combining cutting-edge technology with human expertise, we produce complex products with the highest quality standards.

Blumet Tubes is committed to continuous innovation and customer satisfaction. Our proactive approach helps us meet evolving client requirements while offering competitive prices. This dedication to quality and service gives us a distinct edge over competitors, making us a trusted partner for all seamless pipes and tubes.

We are also proud to be an approved vendor, ensuring the highest standards of quality and reliability in our products and services. In Companies Like :

QUALITY CONTROL

HARDNESS TEST

HYDRO TEST

P.M.I TEST

DIMENSION CHECK

EDDY CURRENT

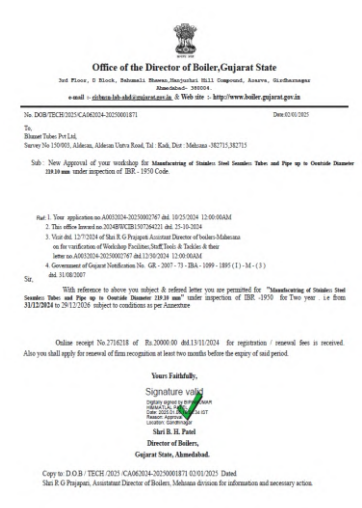

TENSILE TEST

NON DESTRUCTIVE TESTING MACHINES :

Online Testing of Pipes & Tubes by Ultrasonic Testing & Eddy Current Method to check dimension, Length and other Defects. We also do Hydrostatic Test, Metalgraphy Test and Visual Inspection

Certification

9001 :2015

PRODUCT RANGE

Seamless Stainless Steel Pipes

- (Annealed & Pickled; Bright Annealed; Electro Polished)

Outside Diameter:	1/8" NPS to 16" NPS (Upto 8" NPS from our Own Production)
Wall Thickness:	Sch 5S to Sch XXS
Grades:	TP 304/L/H (304L : 8% Ni and 10% Ni), TP 310/L/H/S, TP 310 MoLN, TP 316/L/H/Ti (316L: 10% Ni and 11% Ni), TP 317/L, TP 321/H, TP 347/H, 904L, UNS S 31500, 31803, 32205, 32750, 32760.
Specification:	ASTM, ASME, DIN EN (GERMAN)

Applications :

Onshore & Offshore Oil, Gas Production, Exploration & Transport (OCTG - Oil Country Tubular Goods), Chemical & Petrochemical, Energy and Power Generation, Mechanical and Plant Engineering, Liquefaction Projects, Ship Building

Nickel Alloy Pipes

- (Annealed & Pickled; Bright Annealed; Electro Polished)

Outside Diameter:	6.0 mm to 114.3 mm
Wall Thickness:	0.7mm to 12.7mm
Grades:	NI 200/201, Monel 400, Inconel 600/601, 625, Hastelloy C22/C276, Alloy 800/H/HT/, 825
Specification:	ASTM, ASME, DIN EN (GERMAN)

Applications :

Heat Exchangers, Condensers & Pressure Vessels Chemical & Petrochemical Gas Energy, Power Generation, Pressure Vessels, Pulp & Paper, Marine Equipments, Food & Beverage Processing, Automotive

PRODUCT RANGE

Seamless Stainless Steel Tubes & U Tubes

- (Annealed & Pickled; Bright Annealed; Electro Polished)

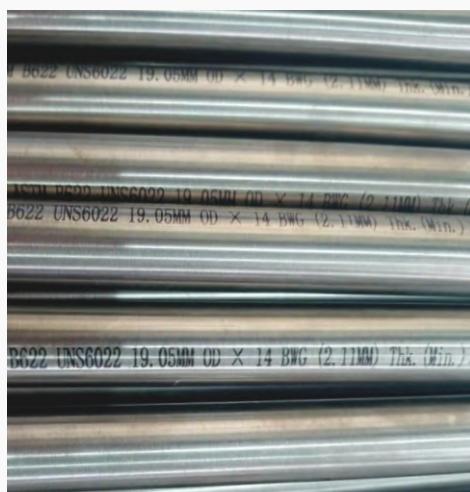

Outside Diameter:	6.0 mm to 152.4 mm
Wall Thickness:	0.7 mm to 6.00 mm
Grades:	TP 304/L/H, TP 310/L/H/S, TP 310 MoLN TP 31 6/L/H/Ti, TP 317/L, TP 321 /H, TP 347/H, 904L UNS S31500, 31803, 32205, 32750, 32760
Specification:	ASTM, ASME, DIN EN (GERMAN), NF (AFNOR), JIS (JAPAN).

Applications :

Heat Exchangers Chemical & Petrochemical Gas Industry, Nuclear Power Generation, Pressure Vessels, Marine Equipments, Food Processing. Automotive, Aerospace

Nickel Alloy Tubes & U Tubes

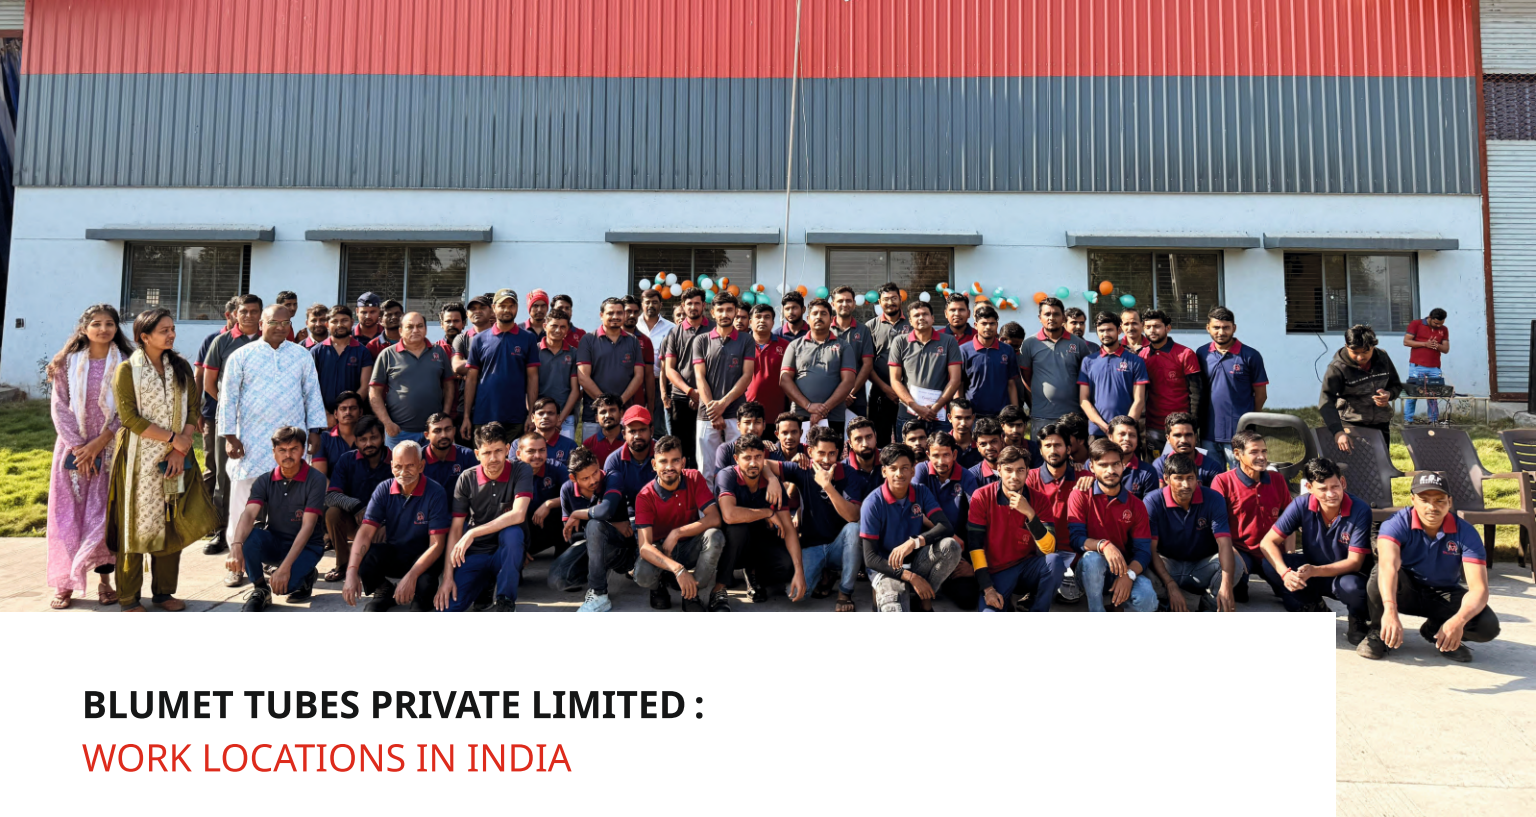

- (Annealed & Pickled; Bright Annealed; Electro Polished)

Outside Diameter:	6.0 mm to 101.6mm
Wall Thickness:	0.7 mm to 6.00 mm
Grades:	TP 304/L/H, TP 310/L/H/S, TP 310 MoLN TP 316/L/H/Ti, TP 317/L,TP 321 /H,TP 347/H, 904L UNS S31500, 31803, 32205, 32750, 32760
Specification:	ASTM, ASME, DIN EN (GERMAN), NF (AFNOR), JIS (JAPAN).

Applications :

Oil & Gas Extraction Chemical & Petrochemical, Nuclear Power, Food & Beverage Processing
Automotive, Aerospace.

BLUMET TUBES PRIVATE LIMITED :

WORK LOCATIONS IN INDIA

CORPORATE OFFICE-

Omkar Tower - 203/204, 2nd Floor, 3rd Khetwadi Back Road Mumbai-400004 INDIA.

UNIT-I

Survey No.150/002, Aldesan, Utnva Road, Aldesan, Kadi ,Mahesana ,Gujarat-382715.

UNIT - II

Survey No.150/003, Aldesan, Utnva Road, Aldesan, Kadi ,Mahesana ,Gujarat -382715.

WAREHOUSE:1

Plot No. 1783 Road No. 22, Sector - KWC, Khedu Pada, Kalamboli Steel Market Road,
Mumbai - 410218. (Near Nhava Sheva Port) (MH)

WAREHOUSE:2

Shop No. 5, Pallonji House, 14th Khetwadi Back Rd, Girgaon,
Mumbai - 400004 (MH)
