

**YOUR PARTNER
IN POLISHING**

DULL & SATIN FINISHES

From single sheets to 1000 tonne contracts our 'Dull' Polishing lines produce a variety of grained finishes from our Extra Coarse through to 320 Silicon Carbide finishes on sheet sizes from 2000 x 1000 up to 6000 x 2000 as standard.

We work with the UK's leading stock-holders and OEM's to ensure 'matchability' of sheet to sheet, batch to batch. With multiple lines we deliver the finish and lead-time you need to win the order. We can also take delivery of your material direct from the Mill to save you time and money.

**For more information talk
