

**YOUR PARTNER
IN POLISHING**

COIL POLISHING

Dull, Satin or Silicon finishes are available on narrow slit coil from 100mm wide up to 600mm wide.

With a max coil weight of 2,500 kgs and a max OD of 1270mm, polishing in coil is a cost effective way compared to polishing small blanks or strips.

Protective coating is applied after polishing as standard.

For more information talk
to our Commercial Team.
