Love & Prosperity through Community

Prajāva is our philosophy, and that stands for the inspiring way in which a business can work with its communities to create a virtuous cycle of shared value. In return, it delivers a sustainable competitive advantage to everyone in the value chain, including the environment at large. This puts the business in an incredibly strong position to drive ethical, long-term value creation for its customers, employees, and suppliers. As a result, it enables the business to form more fruitful relationships while uplifting everyone's livelihoods and bridging the inequalities in wealth and knowledge.

Love & Prosperity through Community

We celebrate the world we live in by putting sustainability at the core of all activities as well as only using 100% organic **ingredients**. We celebrate our 300+ sustainability-minded employee co-owners through empowering programs such as the Big Game. Our small-scale farmers benefit from incentives to grow organic produce, a generous premium on top of fair-trade prices, and initiatives that enhance the wellbeing of their families and communities. We celebrate tea in all its flavourful glory. Honouring tea traditions from England to Sri Lanka and beyond, we've crafted a delicious and, at times, a surprising selection of teas. So, you get to enjoy all the regular favourites and discover the exciting new blends that make up our beautiful ranges.

For tea lovers, all of this guarantees excellence in everything we do; from sourcing the finest fresh organic ingredients, to our expert employees in Colombo, Sri Lanka and the beautifully packaged tea on your kitchen shelf. Our dedicated designers deserve special mention for the exuberant packaging that shares the joy we take in every step of the tea journey – from planting to pouring. An explosion of colours celebrates the rich, diverse flavours and aromas given to us to enjoy by Mother Nature.

The English Tea Shop was set up in 2010 with a passionate belief in doing things differently by putting people and purpose before profit. Our mantra of 'Love and Prosperity through Community' has acted as a guiding star on the road to success in over 55 markets worldwide. Our growth proves our heartfelt belief that ethical, sustainable businesses can be successful and profitable. We care about enriching the lives of everyone involved, from farm to cup; from planters to pickers, processors and packers, to you preparing your favourite cup of tea in the comfort of your own home. All of these wonderful people make up your tea loving community.

In October 2021, English Tea Shop became 30% employee-owned!

We are continually improving how we do things and aim to become the world's leading employee-owned tea company with a unique sustainability model. In 2021, our employee share-ownership increased from 80 core employees owning 15% of company stock to 215+ employees owning 30% of shares.

Join the celebration of uplifting blends that do good, crafted with care by tea lovers like you.
