Matrikon®

See. Know. Perform.

Matrikon
Your Enterprise OT Data Foundation.

Who We Are

- 25+ years of proven OT data leadership
- Trusted by 20,000+ clients
- Embedded in 270,000+ global deployments

What We Do

Streamline operational data into a single source of truth, helping our clients:

- Eliminate OT and IT data silos
- Align day-to-day operations with strategic vision
- Multiply organizational value

Why It Matters

OT Data is your most underused strategic asset.

End-to-end **operational visibility** provides the **connectivity and context** organizations need to make **faster, smarter decisions** and **future-proof** their business models with confidence.

Enterprise Progress Starts With OT Data You Can Trust.

Matrikon

Turns OT data into a single, trusted source of truth so leaders, teams, and apps move faster together.

The Why

Confident Leadership

Better decisions made faster with better information.

IT & OT Convergence

A unified OT data source for all teams.

Modernization

Adopt new tech and evolve existing systems for maximum ROI.

Sustainability

Prove compliance, hit ESG goals, and cut waste with live, auditable OT data.

The How

Matrikon Data Broker (MDB) – one platform, six solution dimensions that drive OT data transformation.

OPC UA
MQTT
