MODULE(S):

Module types ¹ :	Quantity of modules	
Module(s) 9 sqm type „Base“		
Module(s) 9 sqm type „All-in“		
Total quantity of modules		corresponds to sqm

Additional benefit:

For every 5 modules booked, you receive a credit of 500 CHF to be used for additional services²

Stand type:

☐ Row stand ☐ Corner stand (surcharge of 2 %) ☐ Peninsula stand (surcharge of 3 %) ☐ Island stand (surcharge of 3 %)

[1] Each module has a surface area of 9 sqm and includes the elements and equipment specified on the modular stands page of the registration form. Please book the number of modules you require. The „All-in“ and „Base“ modules can be combined.

[2] The corresponding credit is automatically deducted from your invoice.

Insurance Participation Fee ☒ 195 CHF

To comply with the terms and condition of the Contract (clause 9 and 10 of the Easyfairs Terms and Conditions) and to protect you, your fellow exhibitors and our visitors, Public Liability insurance cover has been arranged on your behalf as a "Participating Exhibitor" under an insurance policy arranged by our insurance brokers on our behalf, in return for payment by you of a fee (the "Insurance Participation Fee"). By providing satisfactory evidence of adequate alternative Minimum Cover in respect of Public Liability in accordance with the contract, you will be entitled to a credit in respect of the Insurance Participation Fee. Payment of the Insurance Participation Fee will be made in full on your deposit invoice.

Rental prices:	Module „Base“	Module „All-in“

by
 EASYFAIRS

Exhibitors can rent as many modules as they wish. Each module has a surface area of 9 sqm.
 „All-in“ and „Base“ modules can be combined. Corner, peninsula and island stands subject to availability.

Included services:

Each participation as main exhibitor includes:

- 1 stand composed of one or more „Base“ and/or „All-in“ modules
- Shared WiFi
- 1 basic exhibitor catalogue entry
- Parking pass: 1 (1–3 modules); 2 (4–6); 3 (from 7)
- 5 exhibitor passes per module (max. 20)

Module type „Base“ includes:

- **Carpet:** The entire stand floor is fitted with grey carpet as standard. No deviations are permitted.
- **Structure:** Construction with natural anodised aluminium profiles, light grey PVC partition panels, thickness 6 mm
- **Ceiling:** Aluminium ceiling grid with white infill panels. Height: 2400 mm
- **Fascia boards:** Along open sides, anthracite (watch/jewellery), blue (microtechnology), green (medical) with white text
- **Technical installation:** 20W spotlights, 4 per 9 sqm

Important: Electrical supply is not included in the „Base“ module and must be ordered separately. Combine the „Base“ module with the „All-in“ module, or order the power supply unit separately. You can do this in the online shop via the exhibitor portal, entirely according to your needs.

Module type „All-in“ includes:

All features of the „Base“ module are included in the „All-in“ module.

The „All-in“ module also includes:

- **Fascia boards:** White text and a company logo in colour (if necessary, logo on a white background to improve readability).

For multiple „All-in“ modules, one logo per module is included.

- **Furniture:** 1 square table 83 x 83 cm (watch/jewellery sector), 1 round table Ø 90 cm (microtechnology/medical sector), 3 chairs.

For multiple „All-in“ modules, furniture is provided proportionally to the number of modules; some items may be omitted but not exchanged.

- **Electrical supply:** 2 kW electrical connection including consumption, triple socket included. Activated from the last day of build-up until the end of the event.

For multiple „All-in“ modules, electrical power is cumulative at 2 kW per module. A maximum total of 6 kW per exhibitor is included; additional power must be ordered separately and will be charged.

Additional services:

We offer a wide range of additional equipment.

All additional services must be ordered using the appropriate forms and will be invoiced separately.

Additional services not included in the standard stand:

- Additional equipment and furniture
- Electrical supply (in addition to that included in the „All-in“ module)
- Telephone, IT, water, compressed air installations
- Wall and showcase decoration, additional signage and logos
- Flowers and plants
- Stand cleaning and special services
