10000+ ATTENDEES | **400+** EXHIBITORS | **200+** SPEAKERS

OVER 65% OF THE EXPO ALREADY **SOLD OUT!**

ENERGY PROJECTS CONFERENCE & EXHIBITION 2027

Exhibit at the World's Largest Energy Projects Event

The Energy Projects Conference & Expo (EPC Show) brings together the people responsible for delivering America's most complex energy infrastructure projects.

With a project owner and operator-led audience, the EPC Show connects decision-makers with EPC contractors, procurement and supply-chain leaders, technology providers and specialist partners across LNG, power, midstream, refining, nuclear, data centers and emerging energy.

As investment accelerates, major projects face shared pressures: securing resilient supply chains, managing procurement risk, attracting and retaining skilled talent, controlling costs and delivering safely to demanding timelines.

The EPC Show is where thousands of professionals address these challenges together—sharing practical insight, exploring proven solutions and building the partnerships to deliver world-class projects.

Secure your exhibition space to meet your next project partner.

CHENIERE

"The networking sessions were incredibly fruitful. The collaborative atmosphere and the willingness of attendees to share ideas and solutions were truly inspiring." **Cheniere Energy**

BUILDING THE WORKFORCE BEHIND ENERGY PROJECTS

CONNECTING FUTURE TALENT. STRENGTHENING THE SKILLED TRADES.

Delivering the next wave of energy projects takes more than investment, equipment and technology. It takes people with the skills to engineer, build, operate and maintain them.

EPC Show is tackling the workforce challenge head-on through two dedicated programmes - helping students and early-career professionals connect with industry, while bringing owners, EPCs and workforce partners together to address skilled craft labour needs.

EPC PRESENTS
NEXT GENERATION NETWORK

CONNECTING EMERGING TALENT WITH INDUSTRY EXPERIENCE

The Next Generation Network brings students and early-career professionals together with senior industry leaders to exchange ideas, build connections and explore their future in energy projects.

Through leadership discussions and mentoring roundtables, participants can learn from experienced professionals, ask questions and gain perspectives on working in the industry.

- For emerging talent: insight, connections and opportunities to learn.
- For industry: a way to engage the next generation and share experience.

TWO PROGRAMMES. ONE SHARED PRIORITY.

Bring fresh talent into the industry and strengthen the skilled workforce behind successful energy projects.

EPC PRESENTS
CRAFT WORKFORCE COALITION

WORKING TOGETHER TO STRENGTHEN THE SKILLED TRADES

The Craft Workforce Coalition connects owners, operators and EPCs with training providers, colleges, unions and apprenticeship partners to explore practical responses to craft labour shortages.

Through panels, workshops and peer discussions, participants will share approaches to recruitment, training, retention and workforce planning. A dedicated Workforce Partner Village provides a place to meet potential partners and explore collaboration.

- For project and workforce leaders: practical lessons and connections to support workforce development.
- For training and workforce partners: direct engagement with the organisations building and maintaining energy infrastructure..

GET INVOLVED Participate, contribute your experience or explore partnership opportunities. ***Contact: jonny.witherspoon@epcshow.com***

SPONSORSHIP & EXHIBITION OPPORTUNITIES

VIEW LIVE **FLOORPLAN**

BUILD YOUR PIPELINE. MEET THE RIGHT PEOPLE. CREATE NEW PROJECT OPPORTUNITIES.

EXHIBITION SPACE — PUT YOUR SOLUTIONS IN FRONT OF PROJECT DECISION-MAKERS

Showcase your capabilities to the people specifying technologies, sourcing services and selecting partners for major energy projects. Build visibility with a targeted audience and start conversations that can develop into valuable commercial relationships

BRANDING & VISIBILITY — OWN YOUR SPACE IN THE MARKET

Go beyond logo placement with personalised branding opportunities tailored to your business objectives. Align your brand with a specific industry, technology or topic area to strengthen your position as a leader in the markets you serve.

SPEAKING OPPORTUNITIES — LEAD THE CONVERSATION IN YOUR SECTOR

Position your business as a trusted voice in North America's energy projects market. Take the stage in the main plenary or contribute to a specialist track covering LNG, midstream, power, nuclear, data centers, petrochemicals & refining, or transmission & interconnection. This is your opportunity to be the solution to the industry's biggest challenges.

PREMIUM SPONSORSHIP PACKAGES — YOUR OWN PRIVATE FUNCTION WITHIN THE EPC SHOW

Create valuable opportunities to connect with key project owners, operators and EPCs through private roundtables, hosted meetings, exclusive networking receptions and industry parties. Be the brand that brings influential decision-makers together and build stronger relationships with the people who can shape your next business opportunity.

LIMITED PREMIUM BOOTHS AVAILABLE — NEARLY 70% SOLD OUT!

WHY ATTEND?

LIMITED PREMIUM EXHIBITION SPACES REMAIN

I AM A PROJECT OWNER/ OPERATOR

- **Solve live project challenges** through a programme shaped by owner/operator advisory boards, focused on commercial, operational and delivery priorities.
- **Benchmark with senior peers** across LNG, power generation, nuclear, midstream, refining, chemicals and emerging energy.
- **Meet the right partners quickly:** including EPCs, technology providers, regulators, developers and specialist suppliers.
- **Source proven solutions** from 400+ suppliers to help keep projects on schedule, within budget and operating reliably.
- **Gain practical insight** from project leaders on topics including workforce, supply chain, permitting, site selection, regulation and operational efficiency.
- **Build relationships that move projects** forward through targeted networking and one-to-one meetings.

I AM AN EPC/ CONTRACTOR

- **Meet active project owners and operators** looking for capable partners across the full energy-project lifecycle.
- **Identify new project opportunities** across LNG, power, nuclear, midstream, refining, chemicals and emerging energy.
- **Build delivery partnerships** with subcontractors, equipment providers, technology specialists and other EPC organisations.
- **Keep ahead of market change** through insights on regulation, workforce constraints, supply chains, infrastructure and new technologies.
- **Demonstrate expertise and capability** through direct conversations with senior decision-makers and targeted networking.
- **Learn from major-project peers** and take away proven approaches to delivering more complex projects on time and on budget.

I AM A VENDOR/SOLUTION PROVIDER

- **Network with the people who shape project decisions** — meet senior project, engineering, construction, procurement, commissioning, operations and maintenance professionals in one place.
- **Access a concentrated buyer audience** across LNG, power generation, nuclear, midstream, refining, chemicals, data centers, and emerging energy.
- **Secure targeted one-to-one meetings** with priority companies and decision-makers, rather than relying on chance conversations.
- **Build long-term relationships** with project owners, EPCs, contractors and complementary delivery partners.
- **Understand upcoming projects and priorities** through direct discussions, senior-led conference sessions and market intelligence.
- **Showcase solutions in context to organizations** looking to improve safety, productivity, project certainty, operational efficiency and cost control.
- **Strengthen market visibility and credibility** by sharing expertise, presenting case studies or leading solution-focused workshops.

LEVERAGE THE MATCHMAKING CONCIERGE SERVICE TO MEET YOUR TARGETS

HOW DO WE SUPPORT YOU?

01.
Personal Planner

Pre-book meetings to ensure a full diary that suits you and your colleague's show schedule

02.
Reach the Right People

Easily navigate the full attendee list to locate your best prospects

03.
Concierge Team

Gain access to our dedicated business matchmaking team and the on-site meetings concierge *(Sponsors & Exhibitors only)*

04.
Meeting Lounge

Access the Meetings Lounge on the exhibition floor, or take meetings at your stand

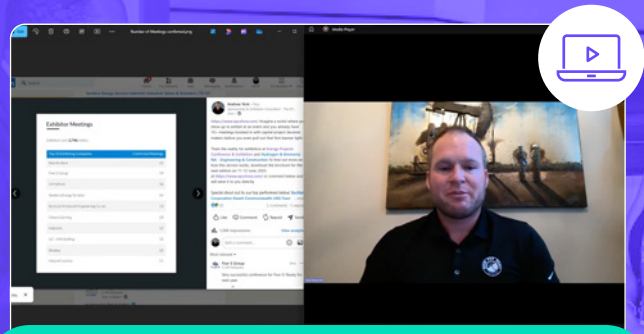

05.
Meeting Reminders

Receive SMS and email reminders on the day to make sure you and your contact, never miss a meeting

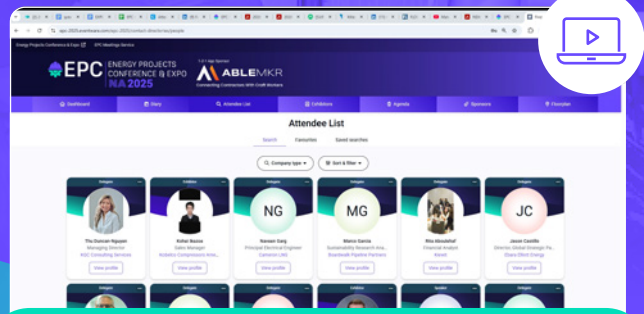

06.
Debrief

Feedback to the team on what went well and how the service can be improved next time

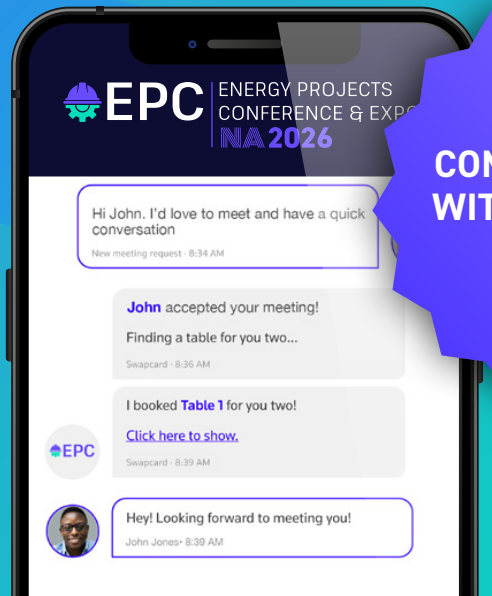

> "The Conference exceeded all my expectations and it was a memorable experience. From the moment I walked in the venue, I was impressed with the opportunities to network. The energy and enthusiasm of both the attendees and the organizers created a vibrant environment that inspired creativity and innovation."
