

Printing Services

- A screen printing service is available for the decoration of bottles and other mouldings.
- We can print either as single pass (one colour) or multi-pass (several colours).
- We can print onto any of our production materials including PVC, HDPE, LDPE, PETG, PP, PS, HIPS etc.
- Our in-house design service can help you with your design and we can accept most file formats.
- Printing runs can be accepted from short runs to long runs.
- Email your artwork to our sales team for our advice, to discuss your requirements or for an economic quotation.
