

RECYCLABLE SPOUTED POUCH

In a bid to create a circular economy and tackle the issue of plastic waste, Wipak is proud to offer its customers a pre-made, turnkey recyclable pouch solution which is not only lightweight, convenient and easy-to-use, but better for the environment too.

Suitable for a range of applications, the pouch, spout and cap are all made of the same material, improving recyclability and reducing environmental impact (when compared to rigid alternatives).

Benefits:

- ✓ Minimum 95% PP **mono-material**
- ✓ No metallic or aluminium layer
- ✓ **Extra high barrier** solution for long shelf life
- ✓ **Easy to open**, reclose and pour
- ✓ Puncture resistant for **zero leakage**
- ✓ **Lightweight**, portable and **convenient**
- ✓ **Reduced weight** compared to standard structures
- ✓ Wide variety of design and feature options
- ✓ **Low environmental impact** compared to rigid alternatives
