

Recyclable Packaging

Mono-Material High Barrier Flat Pouch

Tadbik is a world leader of advanced Flexible Packaging, Labels, RFID and in pack promotion.

Enabling our customers, a one-stop-shop for a variety of packaging solutions. The Power of One is the power of Tadbik, providing a sustainable solution for different customer applications.

Our Flexible packaging division is at the front of important trends in product protection, packaging design and minimization, customer convenience, waste reduction and positively impacting the environment.

Ideal for Various Markets Including:

- Smoked and fresh fish
- Cheese
- Processed meat

Why Our Recyclable Pouches?

- ✓ Protection & Convenience
- ✓ 100% PE mono-material flexible packaging delivers to all the critical requirements
- ✓ Less material to landfills
- ✓ Extended product shelf life
- ✓ Eye-catching graphics

Our Recyclable Pouches:

- Moisture and oxygen protection comparable to the non-recyclable, multilayer mixed film constructions that have been the standard in the industry
- Easy and smooth opening for customer convenience
- Good contact clarity and Stiffness
- Compliant for direct food contact

Recyclable pouches are an affordable and sustainable way to package your product ✓
