

A SMARTER WOODEN CRATE
SYSTEM MADE IN SWITZERLAND

EASY OPEN LINE CRATES

EASY-OPEN CRATES FOR EFFORTLESS, TOOL-FREE ACCESS

Easy Open Line is a product line of OSB and plywood boxes designed with several innovative closing and opening mechanisms. Featuring a simple slotting mechanism, they require no nails, screws, or tools—making assembly and disassembly quick and effortless. These crates ship flat, store compactly, and are easy to open and reassemble as needed.

EXCLUSIVELY MANUFACTURED IN SWITZERLAND

From specialized dimensions to inner fittings like dividers, inserts, or shelving, each crate is built and customizable to match your operational needs — no matter your industry or cargo type. Explore the entire range below and find the model that best suits your needs. Nefab's Easy Open Line is exclusively manufactured in Switzerland. For companies outside of Switzerland we recommend exploring other Nefab crate solutions.
